

Indiana Council of Teachers of Mathematics

Affiliate of National Council of Teachers of Mathematics

Student Awards For Excellence In Mathematics. See suggested criteria below:

Enclosed are **ICTM MATHEMATICS AWARDS** for you to present to students you feel most deserve the awards. We are proud of the future that these students represent and wish to help you acknowledge their accomplishments. You may set the criteria for your school.

Some schools in the past have used the following criteria:

- 1) Grade Point Average (GPA)
- 2) Standardized test percentile
- 3) Involvement in extra-curricular math activities
- 4) A combination of #1- #3

The choice is really up to you! With your help, ICTM is promoting “**Excellence in Mathematics**” throughout the state of Indiana. If you have any questions about these certificates or the Indiana Council of Teachers of Mathematics (ICTM), feel free to contact me by email at amoreman@ccs.k12.in.us or visit the ICTM website at www.indianamath.org.

Please fill out the attached press release and submit it to your local newspaper so your students receive proper recognition. Most district offices have a contact person at a local newspaper and the appropriate addresses.

Thank you again for all you do to help students recognize their abilities in mathematics!

Angela Moreman
[ICTM Board President](#)

FOR IMMEDIATE RELEASE:

The following is a press release from Indiana Council of Teachers of Mathematics (ICTM) and _____
School:

Congratulations to the 2011 _____
